Dear Mr. Taylor:

Just in case you have not seen it, the Vancouver Sun of August 8 or 9 carried an exclusive interview with Donald P. Norton, who in ists that he is a former paid agent of the CIA. In the interview, he claims that while in the employment of the CIA he had contacts with Clay Shaw, David Ferrie and Lee Harvey Oswald, all with regard to CIA activities concerning Cuba.

Sincerely yours,

John W. Warnock, Jr.
Assistant Professor

Jim,

If you've seen the article, disregard. I couldn't find the Sun issues in San Francisco so have written Vancouver for the article. Will send it on.
